

**ALTOS DEL PLATA
CABERNET SAUVIGNON 2011**
MENDOZA - 980 METERS / 3200 FEET ABOVE SEA LEVEL

The Continental expression

VINTAGE NOTES

As it rarely happens in Mendoza, this vintage was complex but really satisfactory in terms of quality. We had to make several adjustments after a widely dispersed frost during spring and summer rains, shifting into a sunny and extended autumn. This milesime proved that the best can also come from adversity.

TASTING NOTES

Enjoy spicy hints of thyme and peppery herbs typical of Cabs, this dark-hued, garnet colored wine is elegant and concentrated, with lots of structure and outstanding tannins.
