## DESCRIPTION

The grapes for this wine are picked, by hand, in the first week of October and undergo an initial temperature controlled fermentation. The wines then develop, partly in large French barrels and partly in smaller Slavonian oak barrels, before 6 months bottle aging prior to release.

This is an intense yet soft and elegant red, full bodied with jammy red fruit, most notably cherries, and hints of spiciness.

Grapes: Prugnolo Gentile (Sangiovese, in other words), 90%, Canaiolo and Mammolo, 10%

page for full details.
