CORAZON DEL SOL

**2013 Luminoso
G.S.M Blend**

This Grenache, Syrah, and Mourvedre blend is the first GSM currently being produced in Argentina. A beautiful representation of a single piece of land. Aged from 24 months in French Oak barrels.

The blend consists of 34% Grenache/ 33% Syrah/ 33% Mourvedre, this blend creates a polished, elegantly spicy and beautifully textured wine. Extreme rocky soils with some of the most intense sunshine in the wine world create the opportunity to present an Uco Valley pioneer wine. Reminiscent of Châteauneuf-du-Pape, but with more exuberance and polish.
