

# SEMILLON

1928 Vines

This Semillón comes from old vineyards located in Paredones, a town located in the Colchagua Costa zone. Along the delicate vinification process, 20% of the wine remained in contact with the skin of the grapes for four and a half months, in order to extract the best of the fruit and achieve a fine roundness.

Revelation Wine, Descorchados 2018, 94 points
