VALDOURO TAWNY PORT

"SUMPTUOUS AND SILKY SMOOTH "

4.5 STARS: Sam Kim, [Wine Orbit](#)

"This is seriously good for a tawny port, displaying rich aromas of ripe fruit, roasted nut and fruitcake. It's sumptuous and silky smooth on the palate with lovely sweetness, excellent weight and fine-grained tannins. Very satisfying".

Sam Kim, [Wine Orbit](#)

A rich, full bodied, sweet fortified wine produced in the Douro region of Portugal. The bouquet smells of raisins and the taste is warm, rich and complex – a specialty of the region. Serve it with melon, foie gras, cheese, nuts or almonds - the classic accompaniments to Port.

Valdouro port is produced in the slopes surrounding the Valley of the Douro River, the oldest defined viticultural region in the world. The soil and sub-soil is schist where the unique grape varieties grow in the barren and hard climate: Bitterly cold in winter and scorching in summer, these origins of port provide the wines with their intriguing characteristics.
