OMIKRON RODITIS MOSCHOFILERO

Type: Dry White Wine

Classification: Varietal Wine

Grape Varieties: 70% Roditis - 30% Moschofilero

Description: A white wine in which two famous white varieties are combined – the Roditis and the Moschofilero. Omikron White is characterized by its crispness and its yellow-white hue. Its aroma is a vividly fruity one, with pleasant accents of citrus fruits.

Vineyards: The Roditis comes from selected vineyards in Corinthia while the Moschofilero comes from selected vineyards in the Mantinea region.

Harvest Dates: The Roditis is harvested in mid-September while the Moschofilero is harvested in late September/early October.

Vinification: Classic white vinification. Controlled temperature, inside stainless vinificators. The two varieties are vinified separately, with the final blend emerging during the completion of the process.

Served At: 7-9 oC.

Food pairings: Poultry, fish, fresh cheeses.

Safra 2019. Jantar em 19/05/2022. Tijolo/Kós Vinhos Especiais.
